

For Immediate Release

Logic Trends, Inc. Named to Nation's Top Business List for 2009

Atlanta, Georgia, April 1, 2009 In recognition of the economic power of privately held businesses, DiversityBusiness.com, the nations' leading business-to-business internet site, recently named Logic Trends, Inc. as one of the top businesses in the United States.

This is the 9th annual listing of the nations' top businesses by DiversityBusiness.com. Companies listed on the Top Business Lists represent the Nation's top multicultural earners and challenge the long-held notion that a privately held business is small or insignificant. Winners are sought after by major corporations wishing to increase spending with small businesses.

"Entrepreneurs are a growing force in the U.S. economy, and a force to be reckoned with," said Kenton Clarke, CEO of Computer Consulting Associates International, the company that built DiversityBusiness.com. This is a whole business segment that can carry its own, that provides jobs, products and services, and generates wealth for their communities. These are the new leaders in American business."

"When you look at the amazing growth throughout the years among small and diversified companies and contrast it with the stagnation of the traditional large cap type organizations, it underscores the changing nature of our economy," said Ken Stone, CEO of Logic Trends. "We are facing unprecedented global conditions and companies have to be able to turn on a dime and discover innovative new ways of doing business. Increasingly, it's the smaller, agile companies like those on the DiversityBusiness list that are best equipped to meet these challenges. Logic Trends is proud to be included in the company of these entrepreneurial leaders."

The List

This List is a classification that represents the top small businesses in the U.S., in sectors such as technology, manufacturing, food service and professional services. Large organizational buyers throughout the country that do business with multicultural, small and women-owned businesses use the list. The List is produced annually by DiversityBusiness.com, the nation's leading multicultural B2B Internet portal that links large organizational buyers to multicultural product and service suppliers.

The winning companies will be honored at a special awards ceremony at DiversityBusiness.com's "9th Annual Multicultural Business Conference", taking place April 29 – May 1, 2009 at the Disney's Contemporary Resort in Orlando, Florida.
