

LOGIC TRENDS & SAILPOINT: PARTNERS FOR ACCESS GOVERNANCE SUCCESS

Logic Trends is a leading service, consulting and systems integration firm with a dedicated Practice focused on SailPoint Security, Identity and Access Management. Since forming our Identity Management practice in 2002, Logic Trends has provided solutions that enabled customers to increase security, efficiency, compliance and reduce costs. Our team has sold, led, managed and deployed hundreds of Security, Access and Identity Management solutions with Global 2500 clients in a wide range of industries. To best meet your needs, Logic Trends maintains regional sales and delivery coverage in the Northeast, Southeast, Mid-Atlantic, South Central and Midwest.

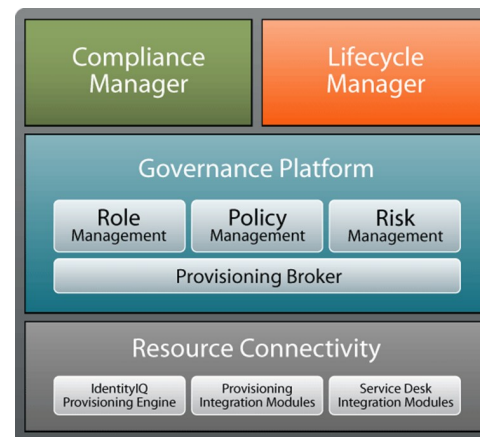

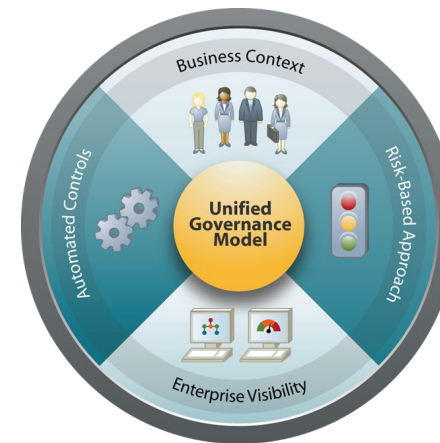

WHEN EXPERIENCE COUNTS, COUNT ON US

Logic Trends' dedicated SailPoint Practice provides incomparable experience and dedicated resources to meet your project requirements:

- One of the first SailPoint partners, and a dedicated SailPoint Practice Lead with 7 years of Governance, Risk, and Compliance (GRC) and IAM experience.
- Full strategic and technical competency in the entire IdentityIQ suite, with highly-trained and experienced IdentityIQ Architects and Engineers.
- Collaborative relationship with SailPoint Product Engineering & Services teams.
- Successfully deployed and integrated first instance of all four IdentityIQ modules into Production (Compliance Manager, Governance Platform, Lifecycle Manager, Provisioning Engine).
- First integration of Microsoft Forefront Identity Manager 2010 with IdentityIQ.
- Internal IdentityIQ Rules Library to help decrease development time and risk.
- Artifacts and Best Practices developed through successful IAM projects for clients in almost every vertical industry.
- Quick and cost-effective Compliance and Identity Management Readiness (CIMR) assessment leveraging Identity IQ to assess the quality of your identity data and best prepare for your Identity and Access Management project.
- Leveraging our BMC ControlSA experience, Logic Trends can quickly and seamlessly augment and extend the BMC IdM platform with SailPoint IdentityIQ & Lifecycle Manager.
- Dedicated internal training and resource development program, cloud-based SailPoint demo environment with virtual access, and SailPoint Solutions Lab with virtual access.

“SailPoint IdentityIQ was the obvious choice because it delivered identity governance and provisioning capabilities in a single solution. Through our partnership with Logic Trends, we were able to define our identity management requirements, evaluate a number of the industry available solutions and quickly see results from a rapid first phase implementation.”

- Brad Jobe, Director of Information Security, CUNA Mutual
